WATER.....	4

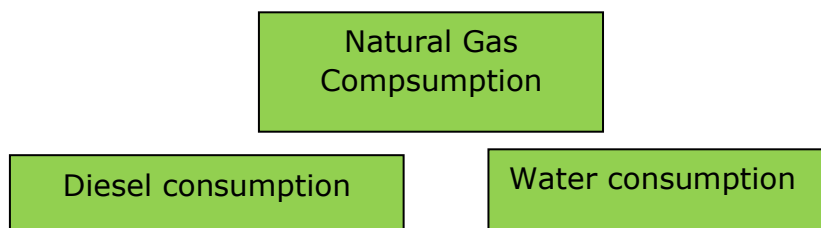

SCOPE

Fundiciones Fumbarri Durango is a company committed to the environment, which has an environmental management system in place, according to the ISO 14001 standard.

In its commitment to protect it and prevent pollution, the environmental management system is reviewed and evaluated periodically, with the aim of identifying actions to take to minimize the negative impact of our activity on the environment that surrounds us.

INDICATORS

Of the environmental aspects defined in Fumbarri, a series of Indicators have been established that have behaved in accordance with the expectations raised.
